Hs2012, X3non, and the Beyonce Contest

An FA journal has been found where hs2012 can be seen asking people to vote for music he produced for a contest. X3non, a known musical alias of Parker's, asked people to vote in the same contest. Both hs2012 and X3non direct people to the same link, http://endoftime.beyonceonline.com/tracks/2271. The endoftime site is dead and the link no longer works.

help my buddy with a contest? :3

okay, my buddy **hs2012** is having a contest. i won't you add any effort from this journal, i'll even post his fill comment on the song submission below.

If you could take 5 minutes out of your life to vote for my remix, I would greatly appreciate it :) I hate the way they are doing this, its kinda complicated. To vote, create an account here: **http://soundcloud.com**
Then log into your souncloud account, and go here and click "like" at the top of the page:

Every vote means the world to me, so thank you guys for doing this. I know this isn't my best, but I think it can win if everyone votes for it! So vote the fuck up for my remix!

Oh and don't forget to share this with everyone you know, including your dog! I need every vote possible!

This indicates hs2012 and X3non, and therefore Parker, are the same person.
